

Staff Board

We can supply you with new pictures to be put into your existing staff board or create a totally new one for you digitally.

Perfect Pictures

Shooting digitally allows us to check each child's image and reshoot if the expression is poor or if they have their eyes closed. No more retakes needed.

ID Cards

Shooting digitally allows you the opportunity of providing both staff and children with official school branded ID cards. (A small charge for this service).

Commission

We pay our commission **promptly** to the school on receipt of orders from parents. We offer a variety of different rates to suit all needs. Please enquire direct with our office.
