

## Senior Portraits

*Contemporary Styled Portraits for Senior Schools*

- 2 Different Poses
- Variety of Different Packages
- Pictures on Black & White or Colour

Year 11 and 13 students will appreciate having casual and informal portraits taken in their own clothes rather than school uniform. They can use these pictures for application forms for college, and work.

These pictures are well received by students and they tend to purchase these rather than the ones wearing their uniform!

We take a variety of different poses of each student. They receive proof pictures together with a reorder form and can select from a range of different packages and styles. These orders can be made directly through our office to minimise the time school administration staff need to spend on collating orders etc.
